About

When you take in life and professional experience, my skill set is very unique.

Hospitality, luxury automotive, legal now completing a full stack web development course using the MERN stack. With a diverse background and team player mentality, I am easily added into a team without disrupting the chemistry or culture.

EDUCATION

Denver University, — Full stack Web development

May 2019 - December 2019

6 month bootcamp covering the basics into the MERN stack. Below is the link to my last project where I worked primarily on the backend.

Adams State, — Paralegal Certificate

December 2009
